INSIDE THE GROUP

NOVEMBER 2023

new FACES

*The Pavement Group would like to introduce and welcome
Kent Butler
& Laura Gonzales*

Prior to joining TPG I worked at O'Reilly Auto Parts for a year and a half as a Business Systems Analyst. Before O'Reilly Auto Parts I worked at Menards (3rd largest home improvement retailer behind Home Depot and Lowes) for nearly 16 years in several roles, including estimator, software developer, IT project manager, and application development coordinator.

I've been married to my wife, Holly, for 14 years. We have two children, Ella, 12, and Easton, 10, as well as two dogs, a cat, and 17 chickens. I enjoy many outdoor activities and have been a hunter education instructor for nearly 15 years.

I moved to North Carolina right out of college to begin my career as an elementary art teacher. Here, I met my husband, Miles and we have been together for 2 1/2 years. I have always had a huge passion for health and fitness. I received my Nutrition Coaching Certification, and I left the school system and to dive into my online nutrition coaching. I LOVE to cook healthier meals, lift heavy weights, paint, explore new places, and spend time with my friends and family. TPG brought me back home, and I can't wait to see what my future holds from here!

Q&A with Laura:

What was your dream job as a kid?

I always wanted to be an artist or an art teacher. Art always was and still is my favorite thing in this world!

What song would be the anthem of your life?

Beer never broke my heart by Luke Combs

What is your favorite company value? Why?

Fun. It's amazing to see everyone work so hard at their job, but also have so much fun during the day. This isn't something you see in many companies.

Where do you find inspiration?

Honestly, everywhere! I get inspired by the most random things, and I love that!

24 HOUR SALAD

RECIPE
Trisha's
Holiday Salad

Ingredients

1 (10 oz) bag mini marshmallows

1 (16 oz) sour cream

1 (15.25 oz) can fruit cocktail, drained well

1 (11 oz) can mandarin oranges, drained well

1 (8 oz) can crushed pineapple, drained well

Maraschino Cherries

Shredded coconut, if desired

In a large bowl, mix fruit cocktail, mandarin oranges, crushed pineapple, and sour cream. Once blended, add marshmallows and mix until everything is evenly coated with sour cream. Smooth with spatula and top with maraschino cherries and shredded coconut, if desired. We usually make a design with the cherries, like a Christmas tree. Cover and refrigerate for minimum of 24 hours. The marshmallows soften and sweeten the sour cream for a fluffy and delicious treat! Enjoy!
